NAPLAN PERFORMANCE TRENDS

INTRODUCTION

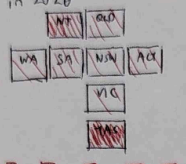

Chapter 0 : Before the results

How many students' results actually count?

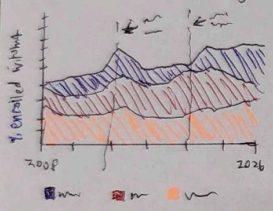

assessed · absent · no result · withdrawn

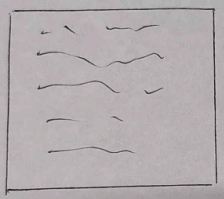

Tasmania stands out in 2026

Click a state to see

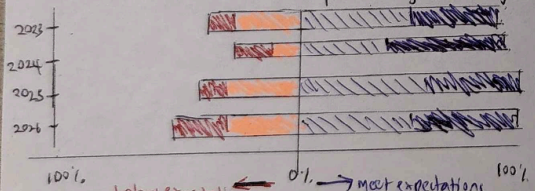

Are more students missing than before?

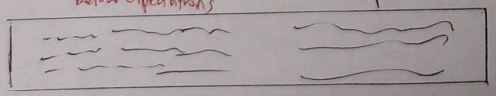

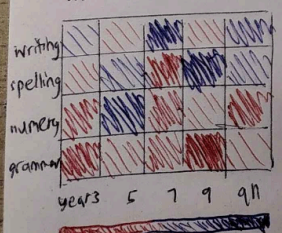

Chapter 1 : Overall Performance

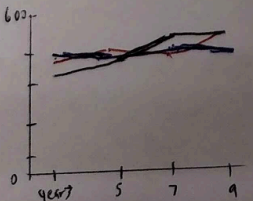

Two in three students meet expectations year after year

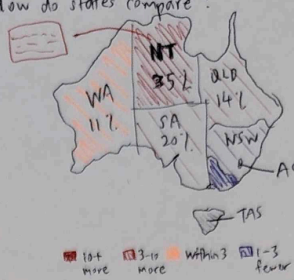

Where students do best?

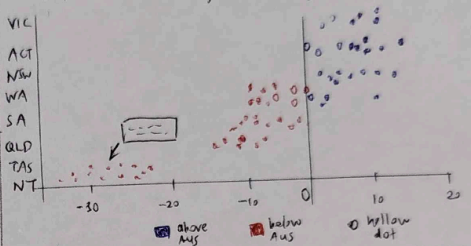

Chapter 2 : Where do outcomes differ?

How do states compare?

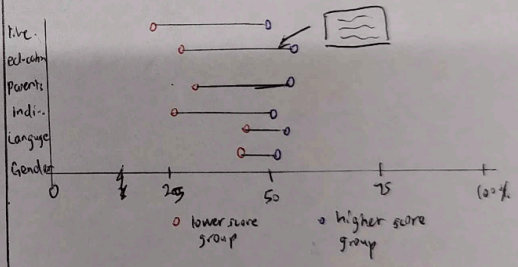

10+ more · 3–10 more · Within 3 · 1–3 fewer · 3+ fewer

Is it one weak subject or everywhere?

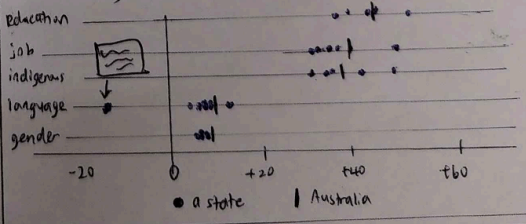

Chapter 3 : Who is left behind?

Place, parents and indigenous status split results. Gender and language ~~barely~~ barely do

Most gaps look alike in every state. Northern Territory is the exception.
